Today's surgical procedure offered valuable learning for Residents.

6 senior students were granted direct access inside the OT to observe the techniques and procedures firsthand.

A live display system was arranged for the remaining students, ensuring everyone could follow the surgery in real-time, providing comprehensive clinical exposure for all students through interactive learning.

Best State Presentation Award

To all my dear Residents and OSOS family — thank you for bearing with me. OSOS is by you and for you; it is your society. How we nurture, pamper, and respect our mother society truly lies in our own hands... and in our hearts.

My sincere gratitude to my VIMSAR team — especially my HOD and colleagues — for so graciously allowing me to work for OSOS while they managed my duties back home. Your support is the strength behind every step I take for our society.
